ITAC HR Forum: Planning Session

Thursday, January 30, 2014

You are invited to attend the ITAC HR Forum 2014 Planning Session to determine meeting topics, dates and locations for the 2014 year.

Please plan to attend as these meetings are for you! We need your input! If you cannot attend or send someone to represent you, send me your input as to the topics you would like to see covered by replying to this email. We are also looking for moderators and hosts for the 2014 meetings. –Moderating entails soliciting and liaising with speakers for a particular session, obtaining their bio and photo and introducing them at the meeting. Hosting a meeting entails providing the meeting room, providing a light breakfast and light lunch and AV required for the meeting. If you are also interested in assisting with moderating or hosting a session for 2014 it would greatly appreciated.
